

# The Little MAC

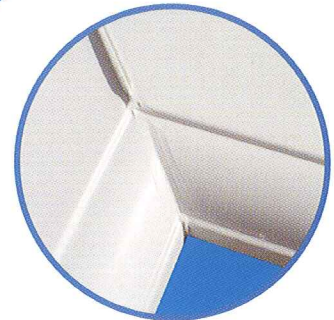

**Cleans weld sprue from angles and all manner of sculptured bevels - corners and transoms**

- Automatically removes weld sprue from internal bevel/sculptured area of corner and transom joints.
- Minimal adjustments enable change from bevel angles to all manner of sculptured profiles.
- Eliminates the need for hand finishing
- Low cost
- Safe and easy to use
- Light weight and portable
- Patent Application No: GB 0216468.9
- Registered Design Application No: GB 3005337

uncleaned joint

joint cleaned with Little Mac
