TRANSOM TG3

Features

- ◆ The TG3 Transom Cleaner is designed to easily remove the top and bottom sprue from welded transoms and cruciform joints.
- ◆ Transom widths from 50mm to a maximum of 120mm and profile heights from 45mm to a maximum of 100mm can be accommodated.
- ◆ Positioning and clamping are carried out simultaneously by pressing a single clamp button, thus making the machine extremely easy to operate.
- ◆ Pneumatic clamping and pneumatic operation with two-hand safety control and air service unit are included as standard.
