JEPSON - Premium Dry Cutter 9430

The **Premium Dry Cutter 9430** is designed to cut steel, cast iron and all kind of non-ferrous metals fast and burr free without coolant.

The **Premium Dry Cutter 9430** is delivered with a long lasting and resharpenable 305mm (12") saw blade with 60 teeth, ideal to cut any type of material. Further the 12" Jepson machine is the only 12" metal cutting saw on the market with a patented quick release vice which also guarantees an exact miter cut.

The powerful motor with 2.000 watt and 1.500 rpm enables any kind of heavy work.

Cuts round material up to Ø 115 mm and square material up to 85 mm.
